After visiting the [Steamboat Springs](#) Local Pirate, you can see a successful model for creating your own local satire. That site makes money, and yours can, too!

If you create a Local Pirate (which can focus on a large city, small community, college, business, whatever), you can sell advertising to your local businesses. Charge whatever you like, and we take care of all the details and complete the transactions. Just make the initial contact, send us an email with the businesses' basic agreement (size of ad and placement) and contact information, and we'll take care of the rest. You'll keep 80 percent of the profits!

And if you find a business that would like to advertise on the main Pirate page, you'll get a 20 percent commision of all advertising from that business for as long as they advertise with us.
